## SOM - Compact Multi-Positional Furnace

- Can be installed in any of four positions: Upflow, Downflow, Right Hand Horizontal, Left Hand Horizontal
- Horizontal Positions; Warm air can be delivered from either left or right hand side, while the return air can be brought back to the furnace through the end or right or left sides on the furnace
- Venting in a conventional chimney or "L" Vent and the SS2-C Tjernlund Sidewall Power Venter
- Air conditioning ready
- Certified with high efficiency Beckett burner
- Primary Heat Exchanger is fabricated from 14 gauge steel for maximum performance
- 3/4" thick ceramic fibre combustion chamber ensures quiet efficient operation
- Small size, permits installation in very tight spaces
- 20 year heat exchanger limited warranty
- 5 year parts limited warranty on all components
- Quiet operation
- Easy maintenance
